

## Transfer Pathway from Sullivan Community College to Savannah College of Art and Design's BFA in Graphic Design 2018-2019

Savannah College of Art and Design accepts credit and welcomes transfer students from Sullivan Community College. The following is a transfer pathway listing courses from Sullivan Community College that are eligible for transfer under the 2018-2019 SCAD course catalog for the indicated SCAD requirements for the Bachelor of Fine Arts in Graphic Design. Students are expected to follow the degree requirements of the course catalog in effect at the time of their initial enrollment at SCAD.

A maximum of 90 quarter hours (18 classes) of undergraduate credit for a bachelor's degree may be given for courses appropriate to the SCAD curriculum. Only grades of at least 2.0 (C) may be transferred for undergraduate credit. A course must be three semester hours or five quarter hours to be considered for transfer. A course transferred from Sullivan Community College may fulfill only one SCAD course requirement. In some instances, a student's course selection may fulfill a different requirement than listed on the transfer pathway. In those specific instances, it may be advantageous in the student's program of study to allow the course to fulfill a different requirement rather than the SCAD requirement listed.

The transfer pathway is not an exclusive list of transferrable coursework to SCAD. The Transfer Pathway serves as a recommendation of 18 courses eligible for consideration of transfer. All coursework completed outside of or as a part of a degree program will be evaluated. To receive specific studio course credit, students must submit a portfolio of the work completed in the course. Portfolios are reviewed by faculty members from the applicable departments. Transfer credit is granted when the quality of work in the portfolio is found to be at least equivalent to that which would earn a grade of 2.0 (C) or better in an equivalent or comparable course at SCAD. Courses that do not pass the portfolio review may be considered for transfer credit of elective credit, within the 18 course transfer maximum. All credit evaluations are completed on an individual basis and transfer advisers work closely with students to maximize the transfer of credit.

Sullivan Community College	SCAD BFA Graphic Design
<b>Foundation Studies</b>	
ART 1001 Drawing I	DRAW 100 Drawing I: Form and Space
ART 1205 Design & Color	DSGN 100 Design I: Elements and Organization

<b>Electives</b>	
<i>Select any 3 semester hour course</i>	Free elective
<i>Select any 3 semester hour course</i>	Free elective

\*Course is subject to a portfolio review to determine transferability. Courses that do not pass the portfolio review may be reviewed for acceptance as required electives

Courses in the Foundation Studies and General Education areas are part of the SCAD Core Curriculum, a thoughtfully curated series of courses that propels students through SCAD's demanding degree programs and serves as a centerpiece for personal and professional success. A set of free electives and studio electives are also required for all degree programs. SCAD Core and elective requirements for all SCAD degree programs can be found at [www.scad.edu/academics/programs](http://www.scad.edu/academics/programs).

Students may contact the SCAD Admission office for further information about degree programs and transfer credit at 1.800.869.7223 or [admission@scad.edu](mailto:admission@scad.edu).
